

# Springtime Pins

1

# Materials

If you don't like to sew, you can use craft glue or a glue gun instead!

## Felt Sheets

(1 each of 6 colors, plus one thicker black sheet)

Yellow

Ivory

Black

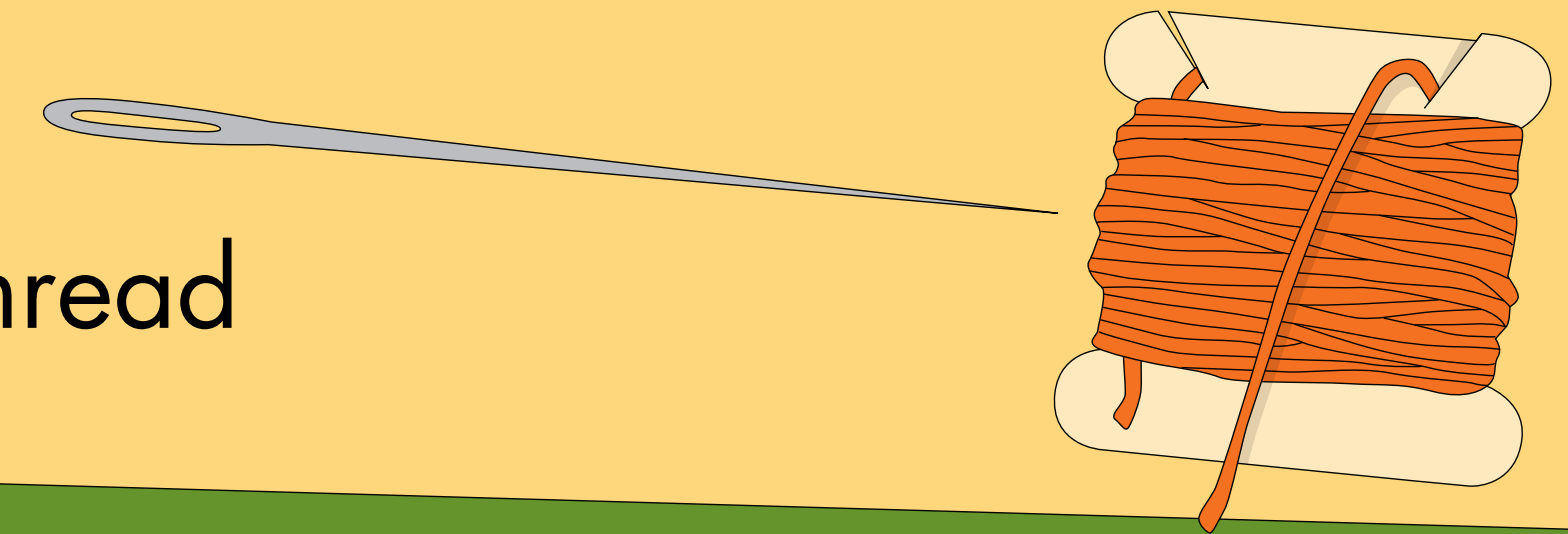

Orange

Blue

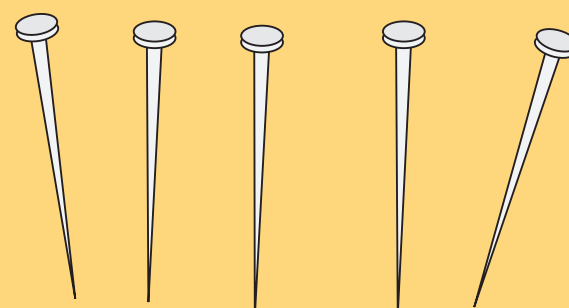

Pink

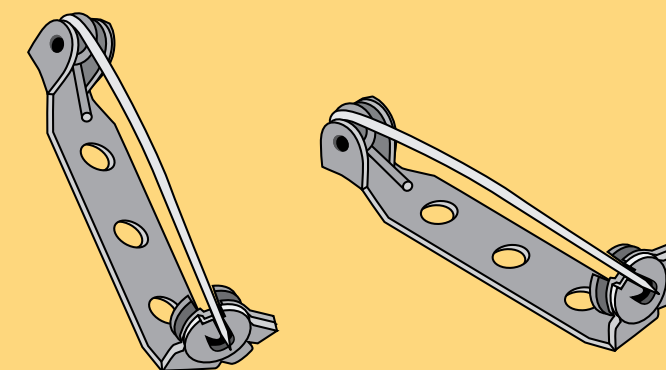

## Needle & Embroidery Thread

## Straight Pins

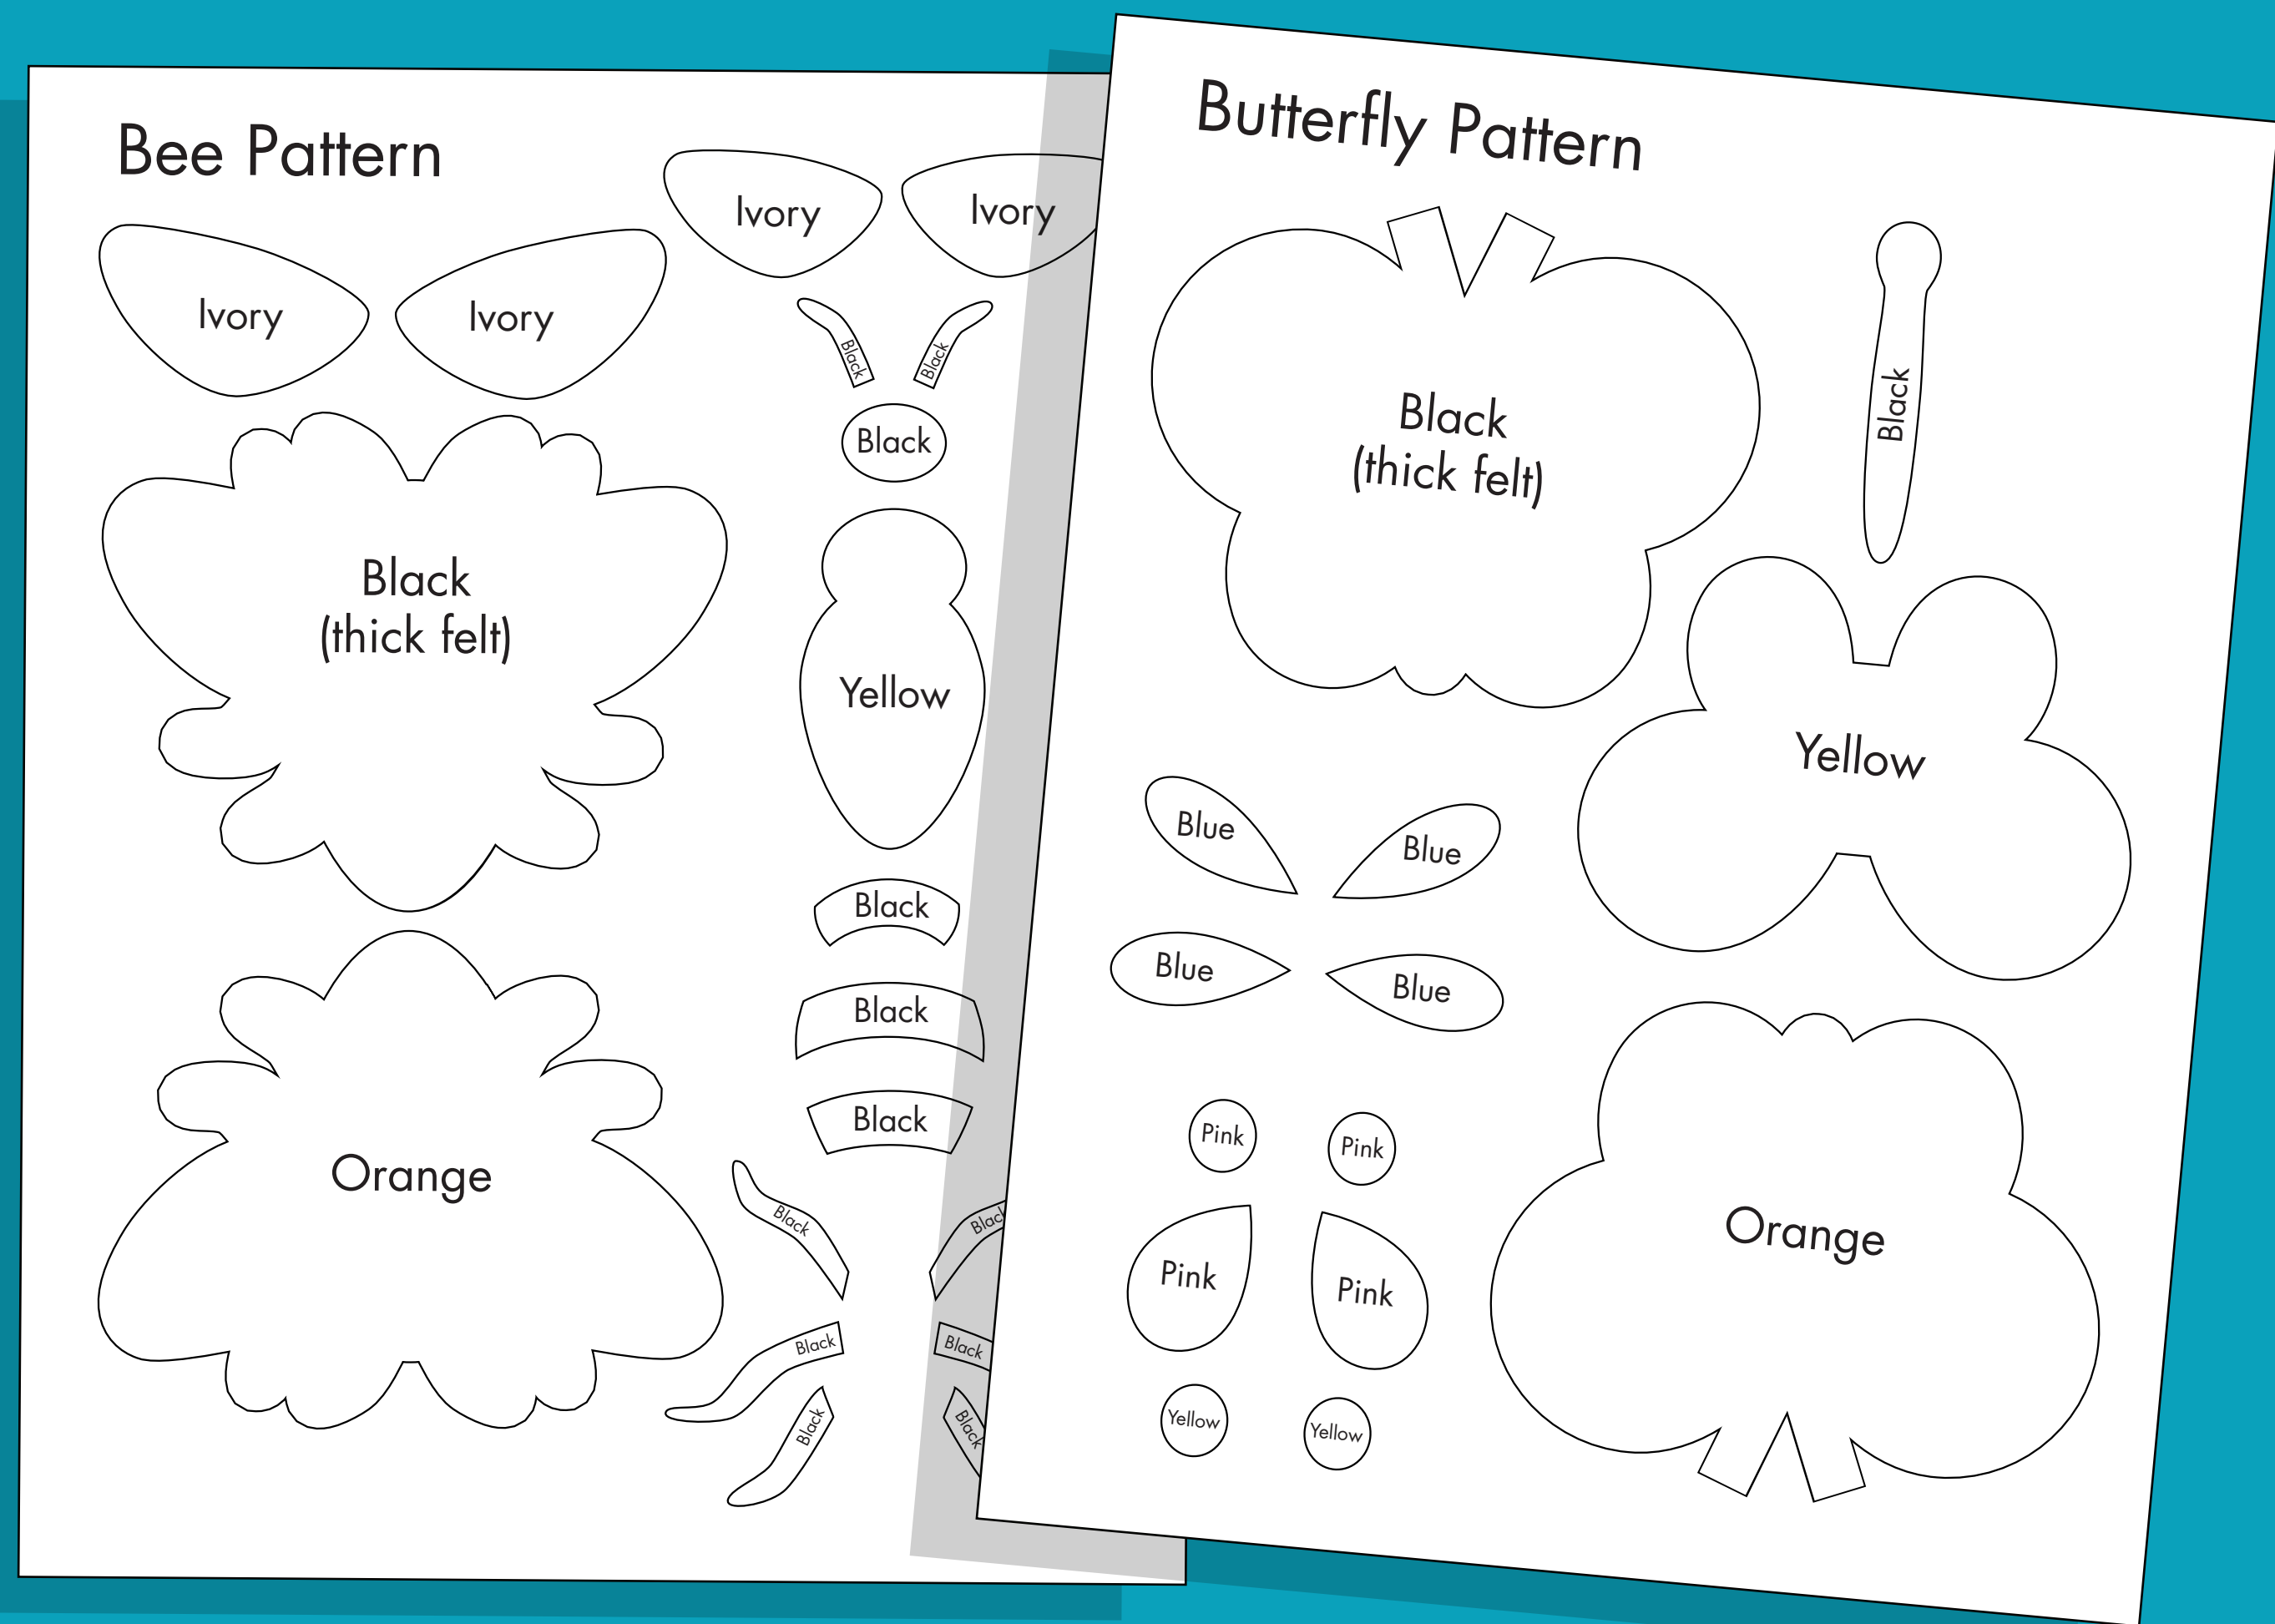

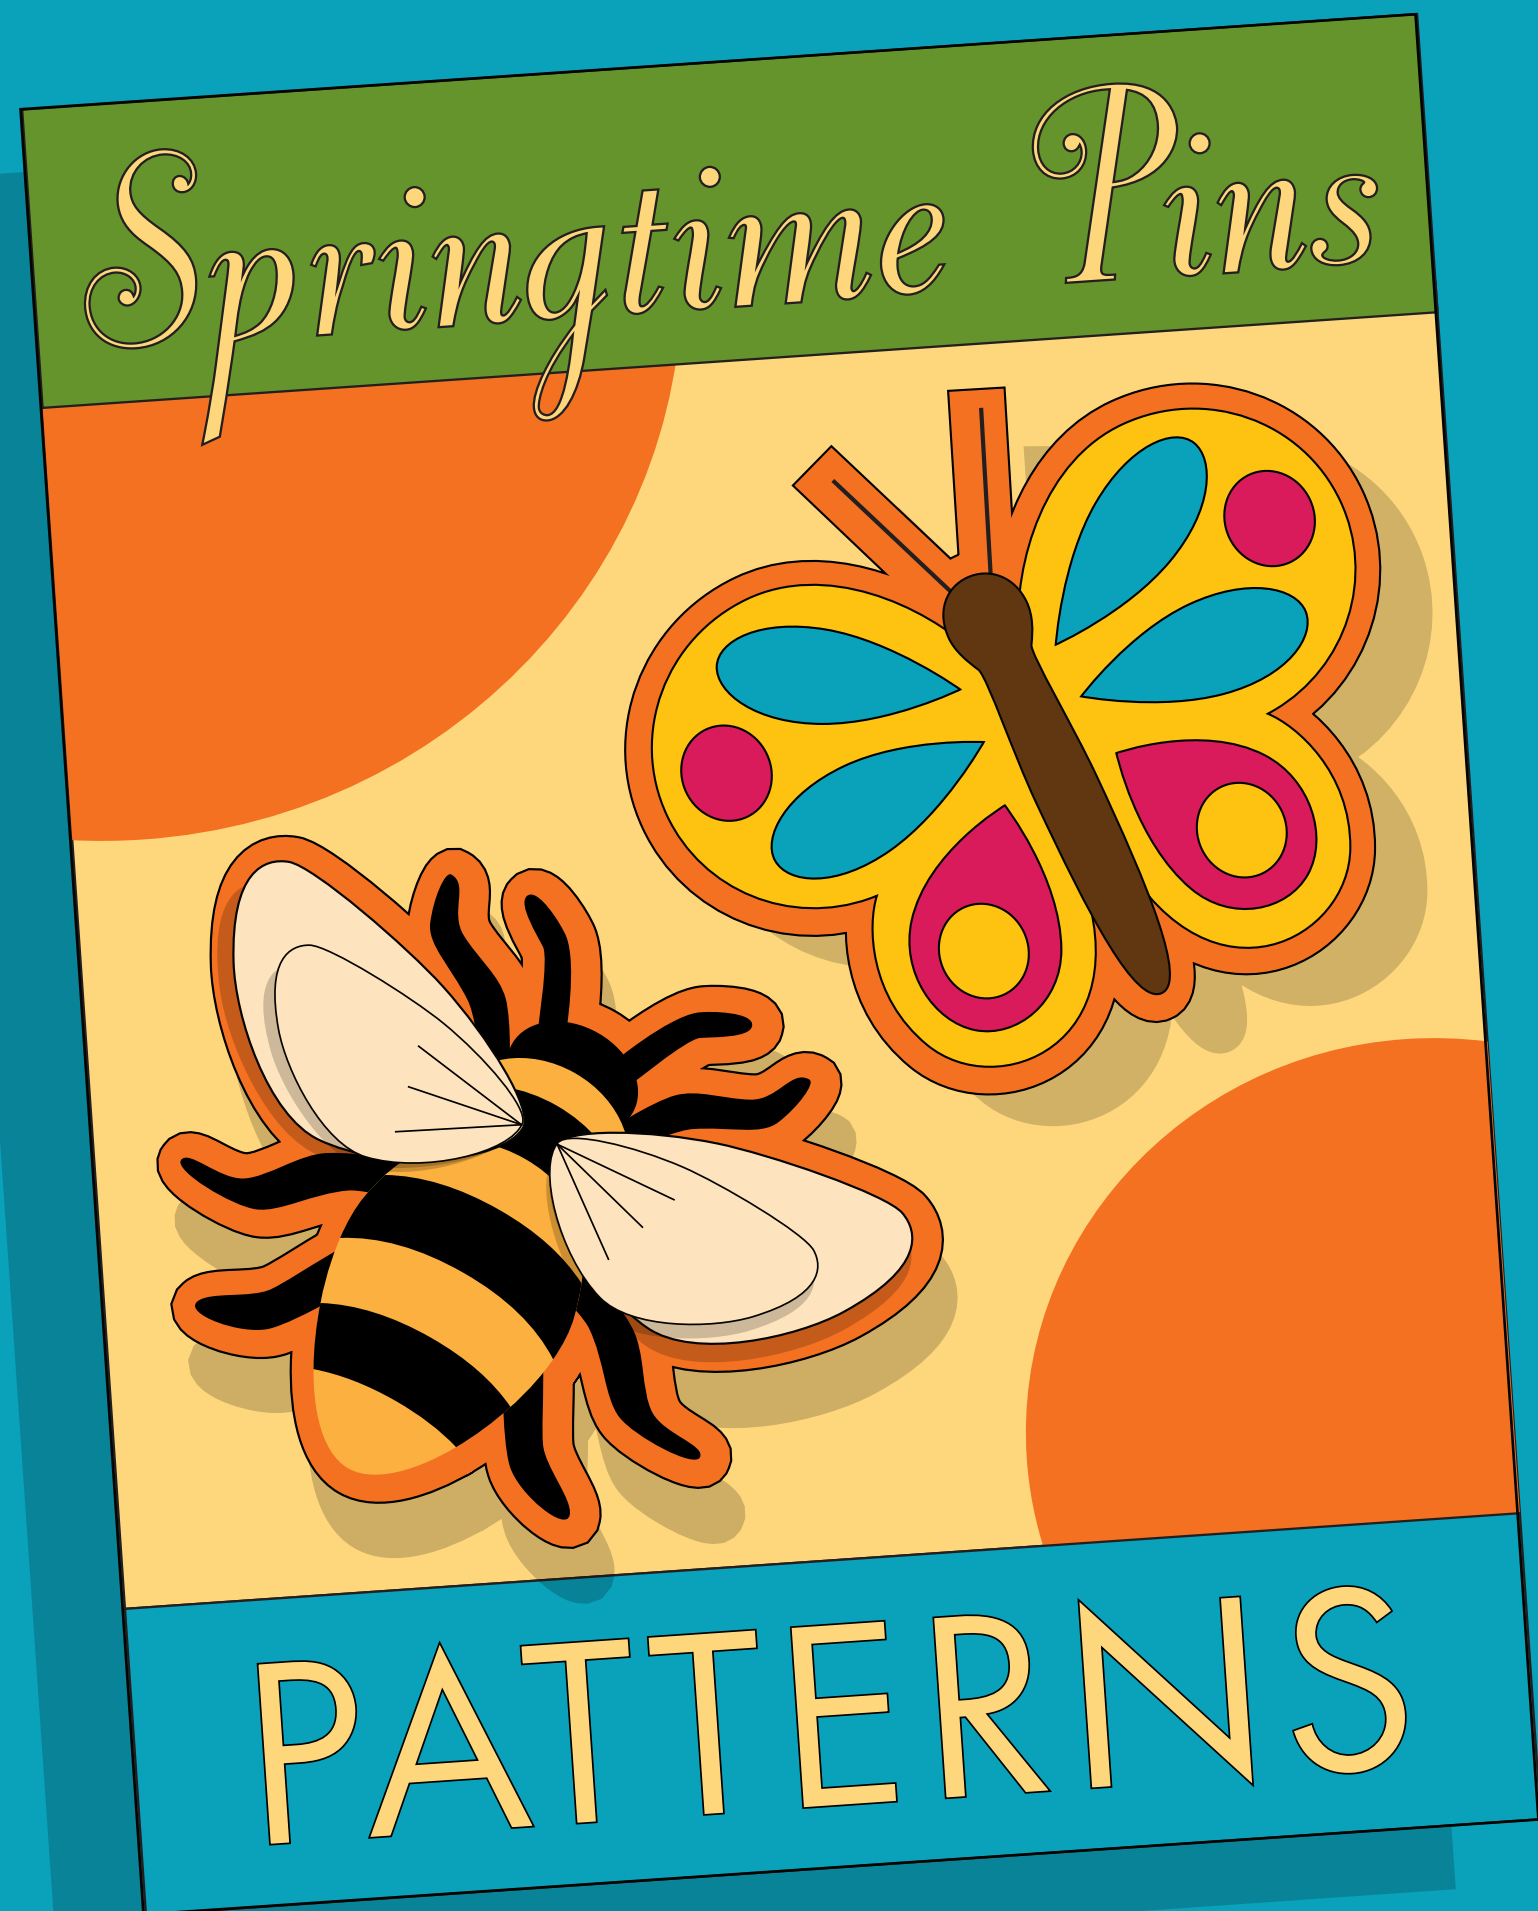

## 2 Pin Backs

2

# Patterns

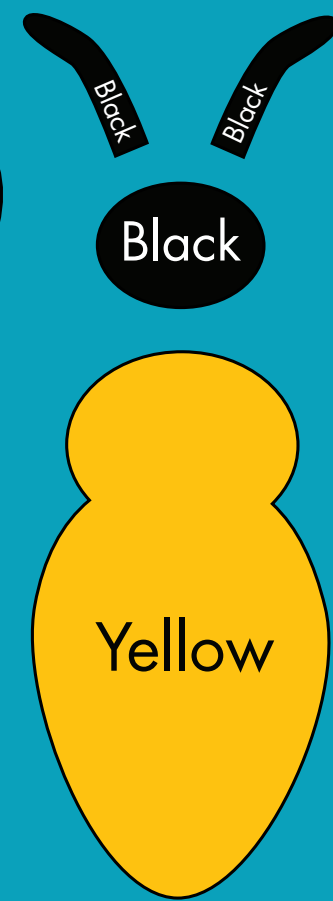

Download the pattern sheets at:

# 3

# Cut out the Pieces

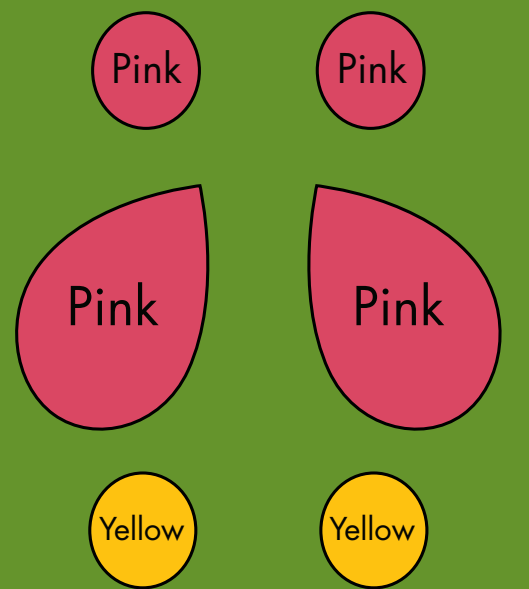

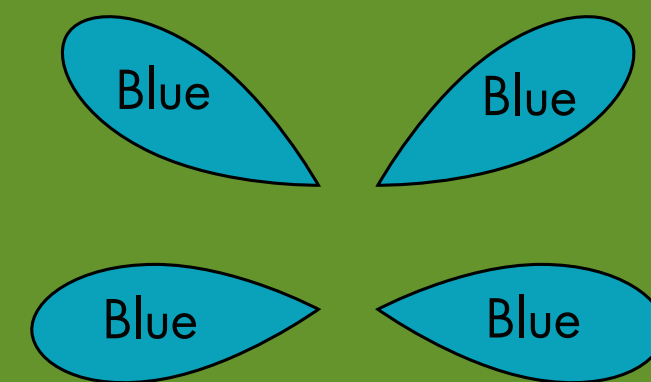

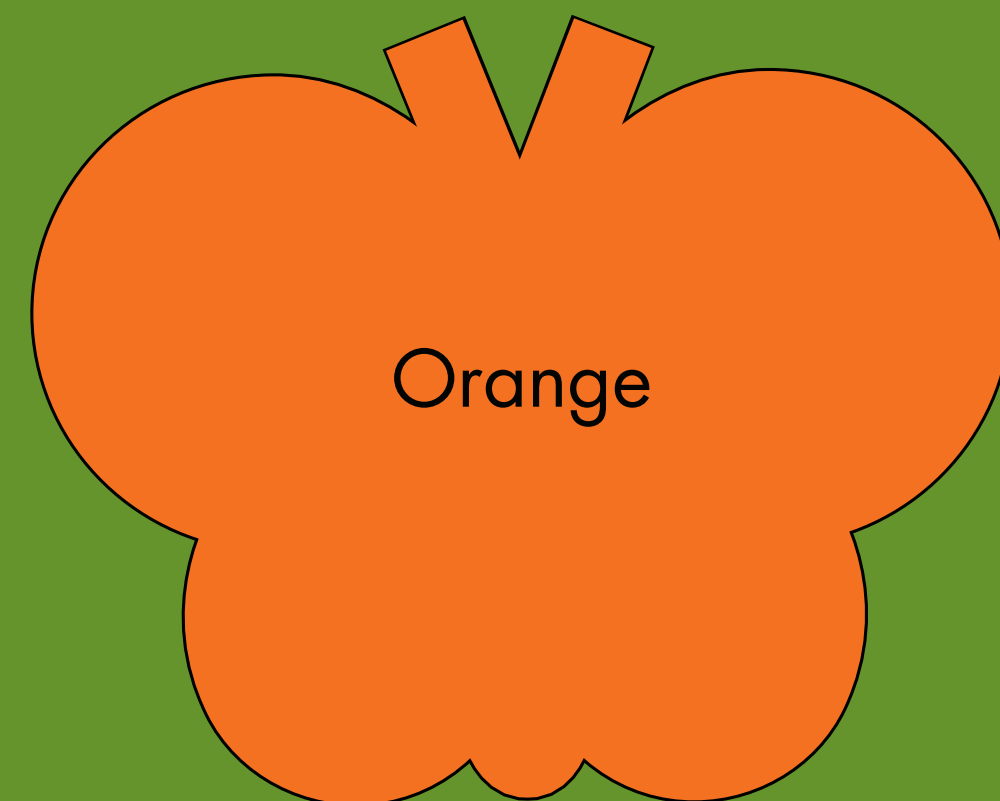

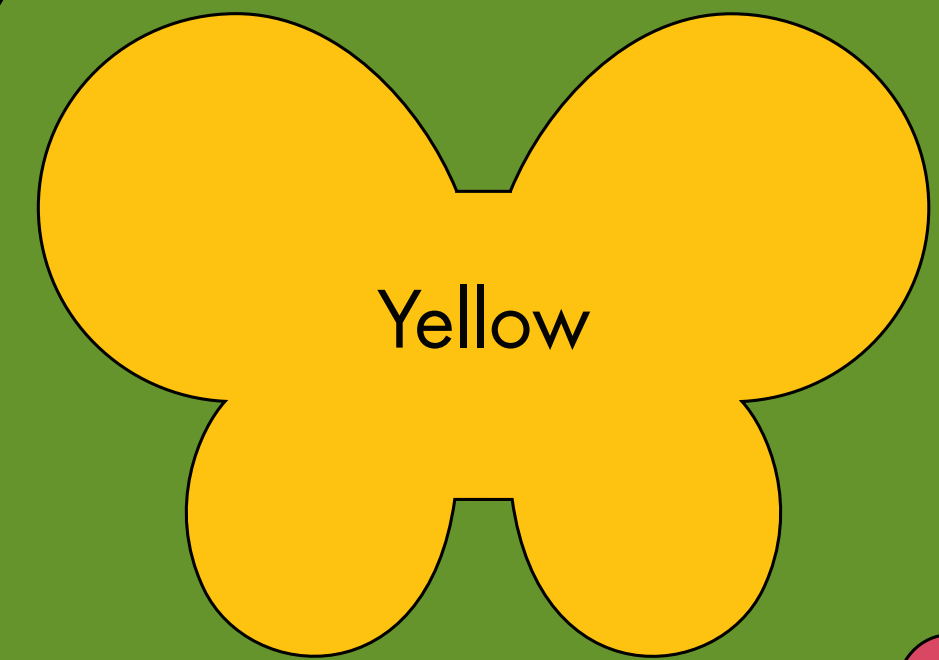

Use the pattern sheets to cut out the felt pieces. It will be helpful to pin the patterns to the felt with straight pins, then cut around the outlines.

## Bee Pattern

## Butterfly Pattern

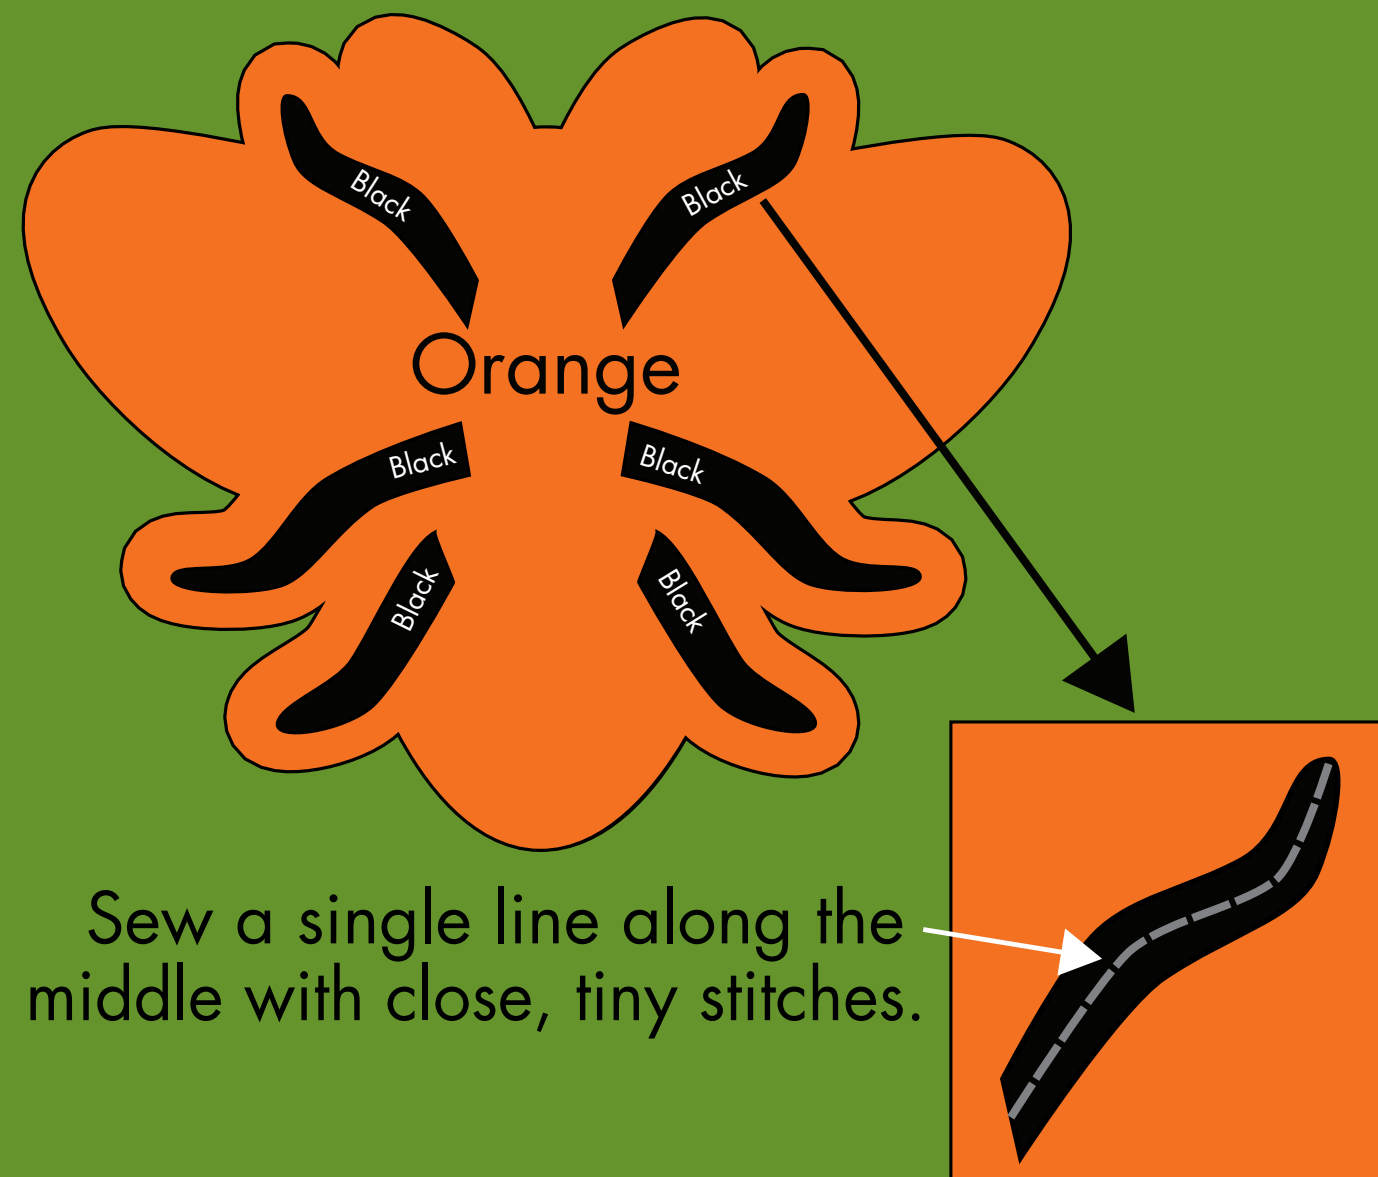

# 4

## Sew on the front of the Bee

(Use straight pins to secure the larger pieces in place before sewing.)

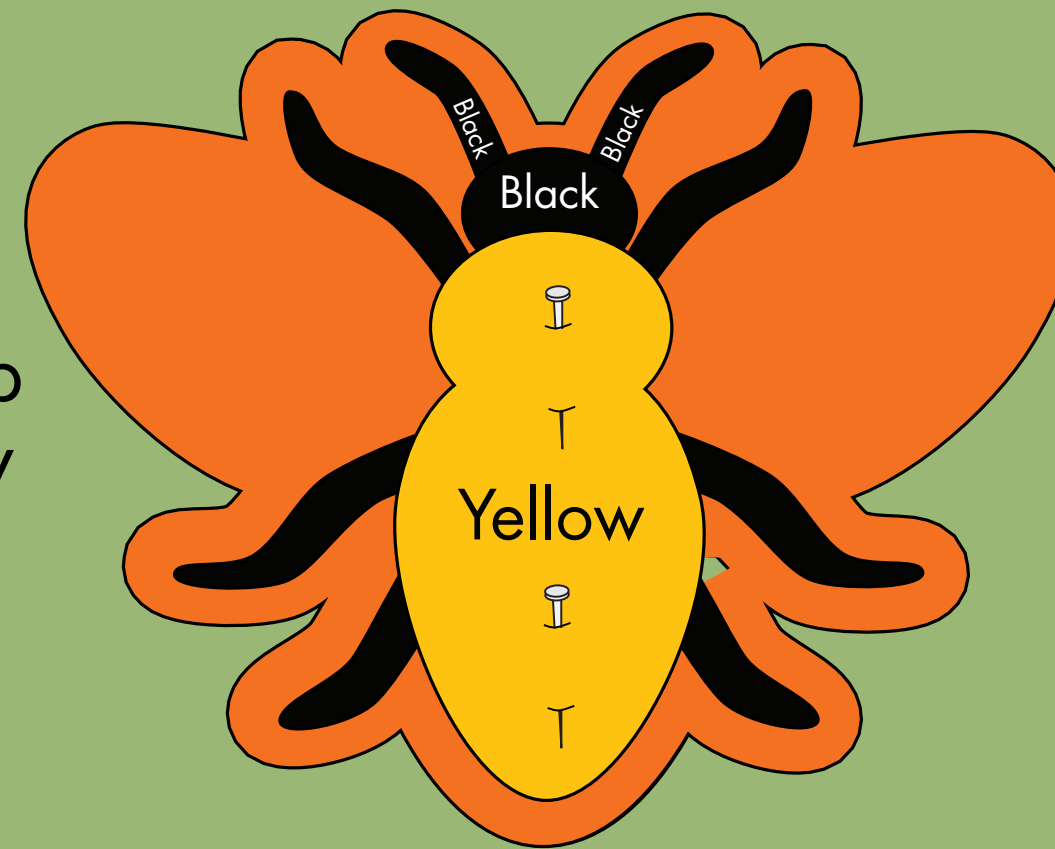

1. Position the black legs on the orange background as shown and sew down using black thread. Instead of sewing around the edges of the legs, it will be easier to sew a single line along the middle of each leg to tack it down.

\*(The antennas can be sewn this way, too.)

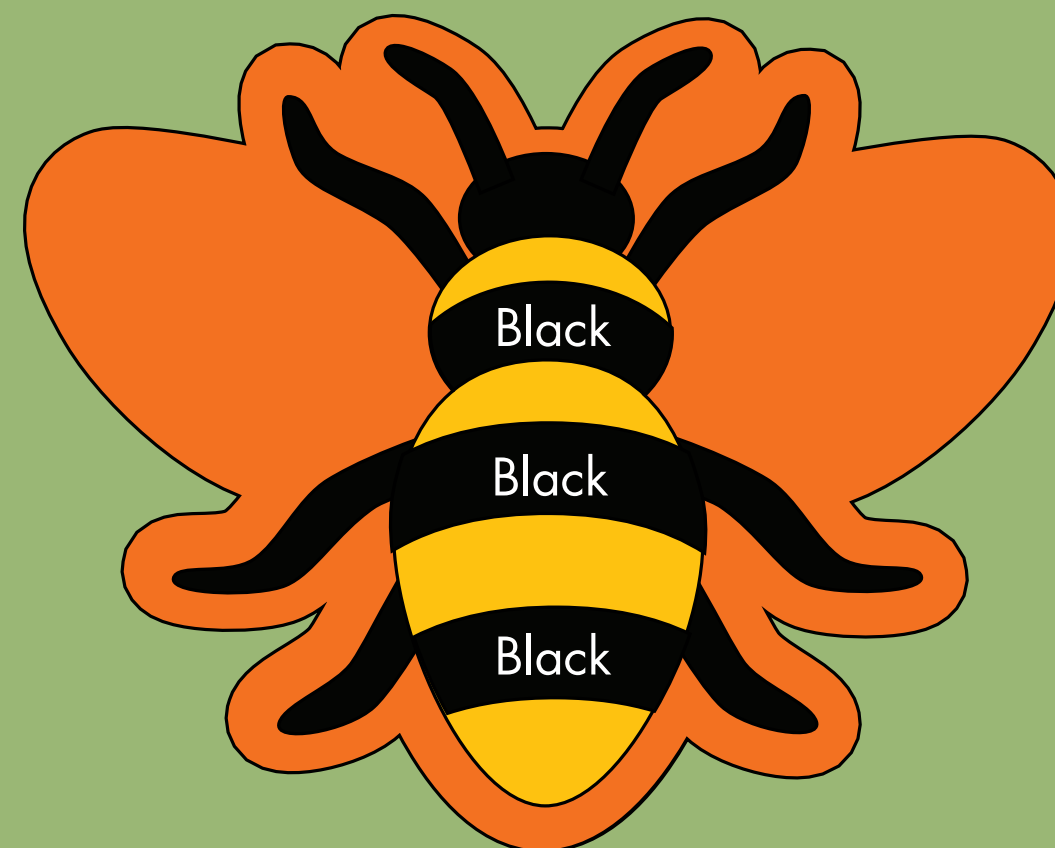

2. Sew on the little head and antennas\* and then the yellow body on top (with yellow thread.)

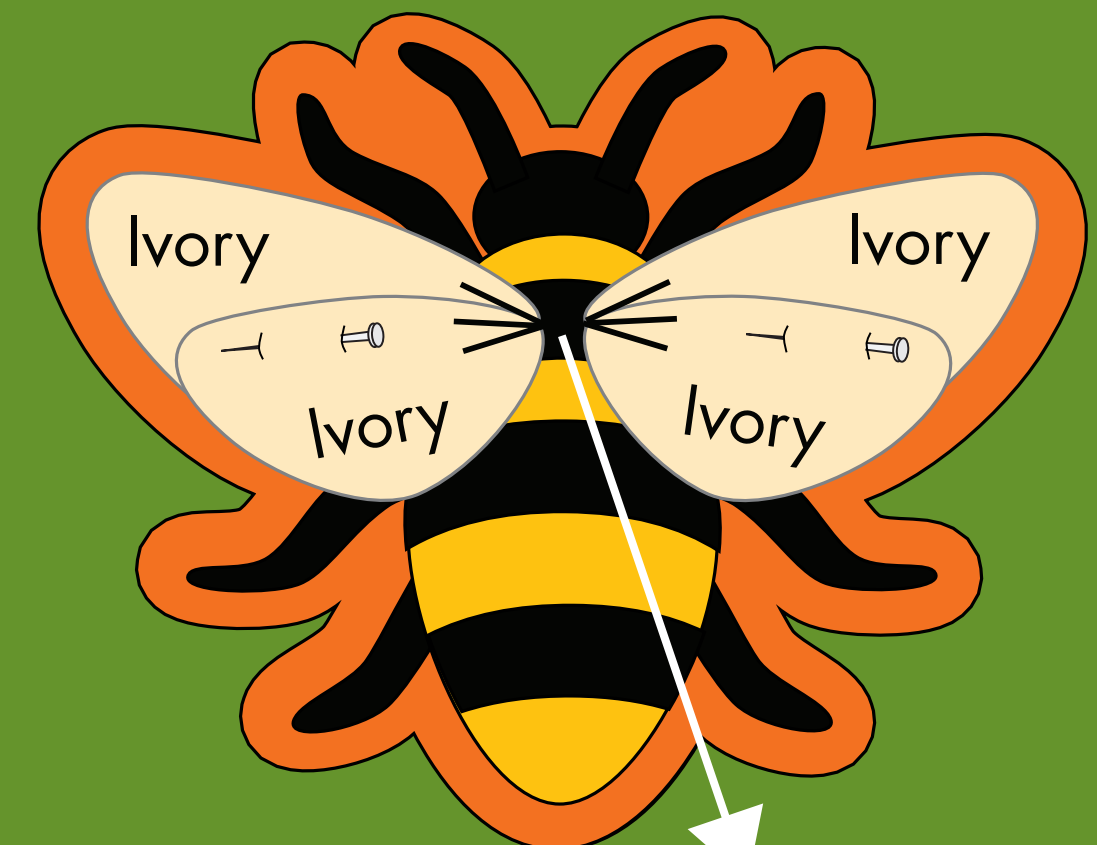

and then the yellow body on top (with yellow thread.)

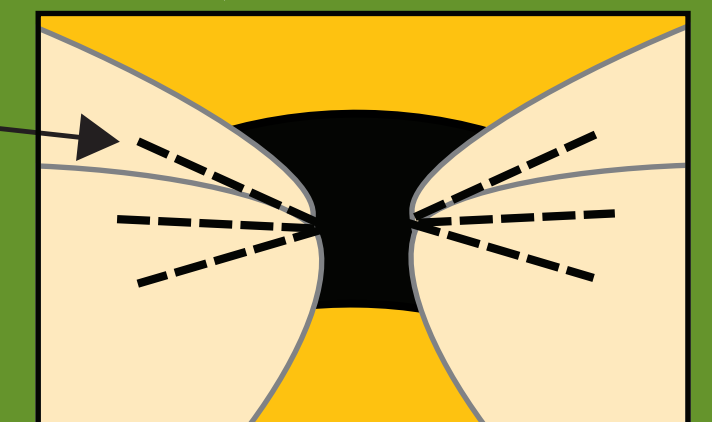

3. Sew on the black stripes.

4. Position the wings as shown, with the smaller wings on top of the larger ones. Pin in place. You will be sewing 3 short black lines out from the center of each set of wings to tack them down. The ends of the wings will remain loose.

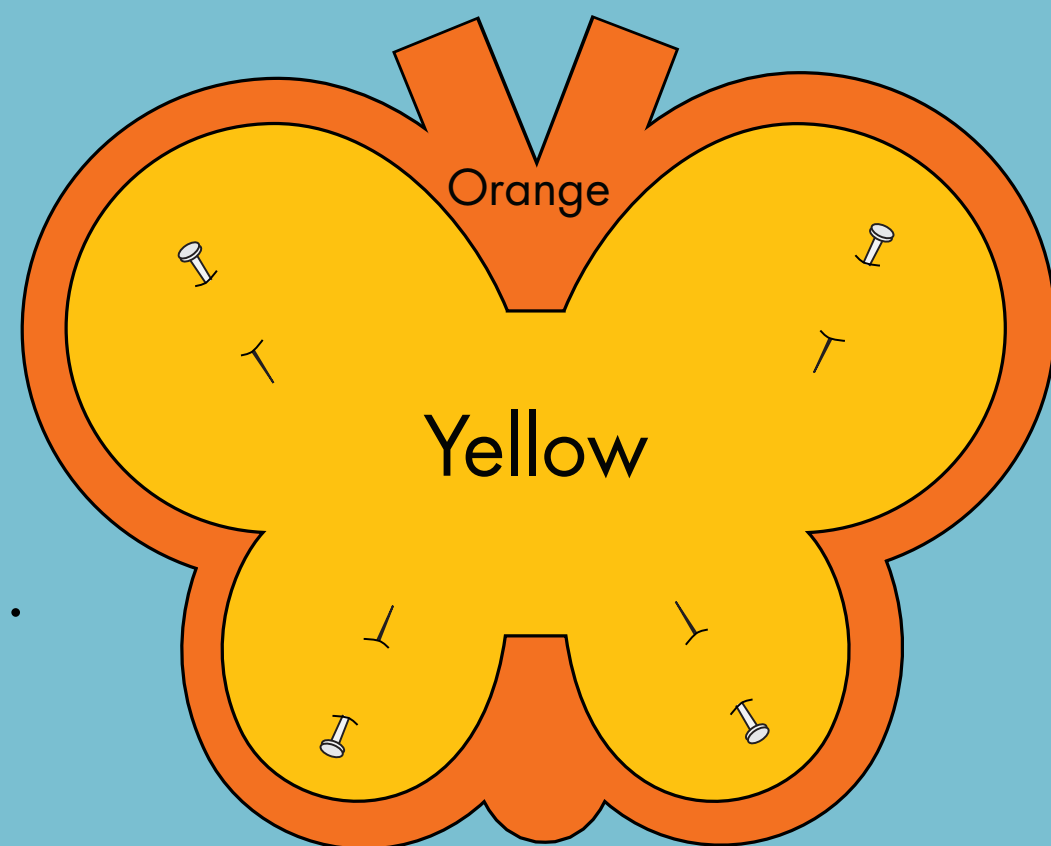

Sew 3 short lines out from the center of the wings. Leave the edges loose.

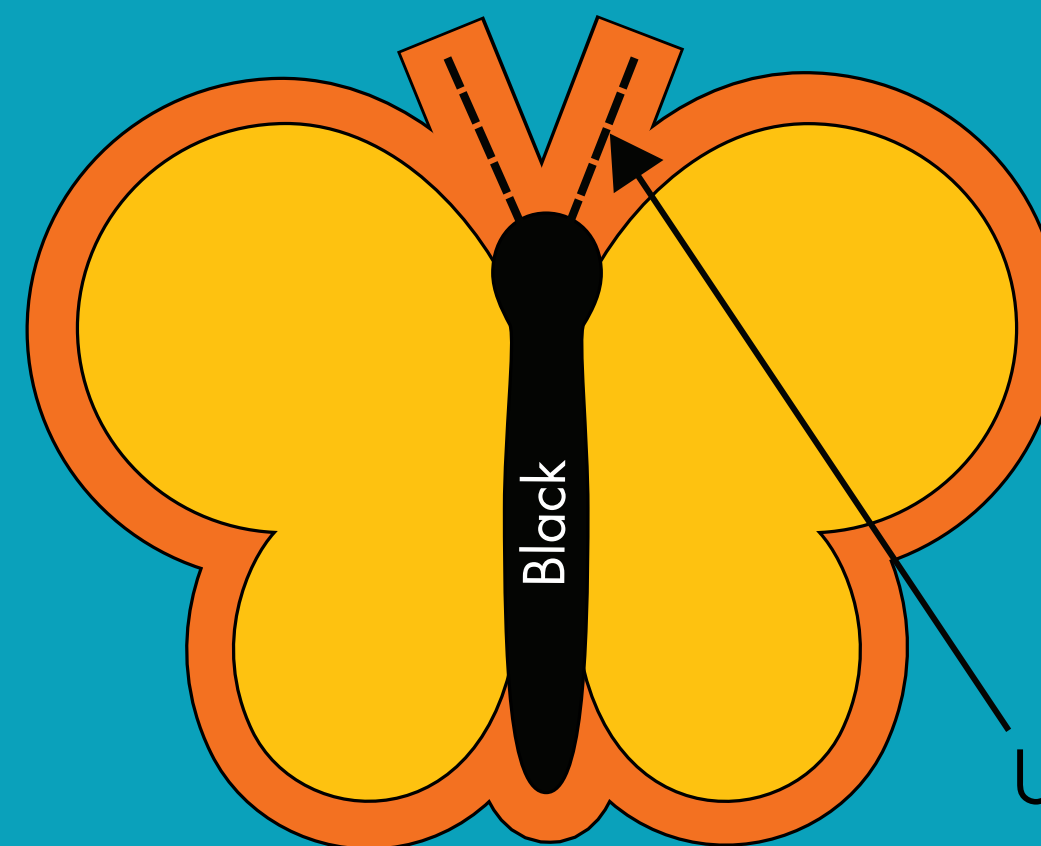

# 5

## Sew on the front of the *Butterfly*

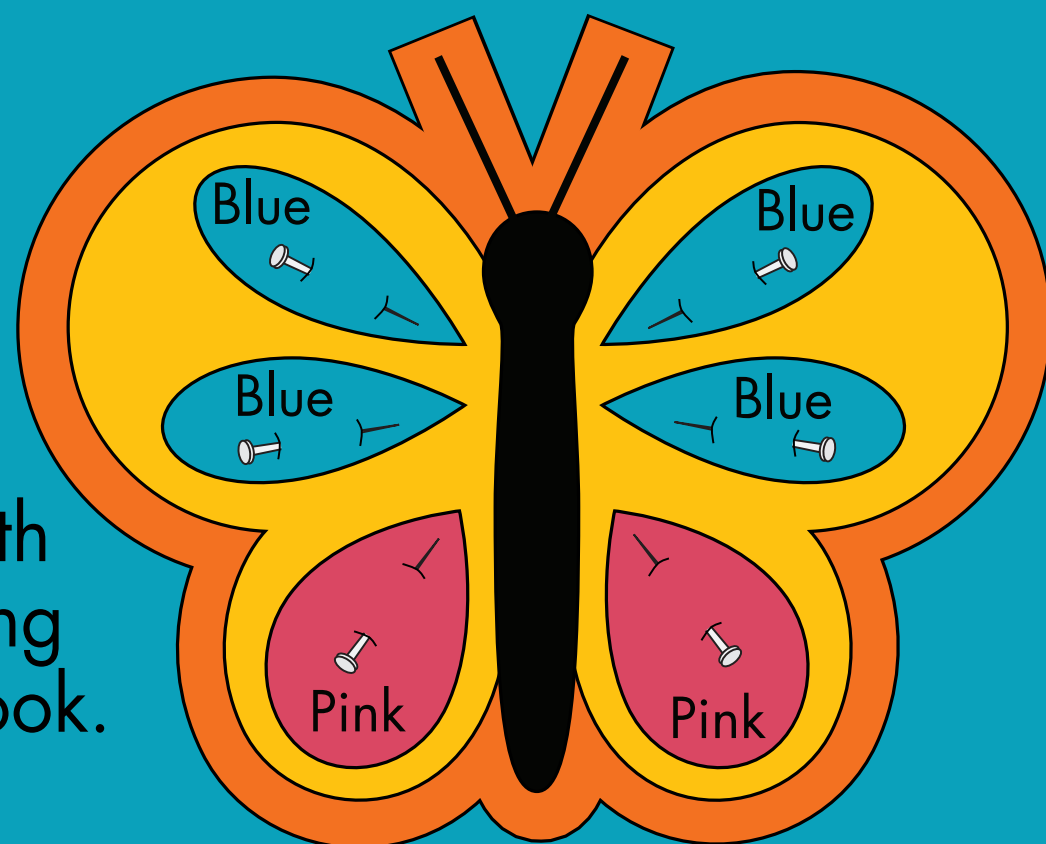

- 1.** Position the yellow wing shape on the orange background as shown. Pin in place and sew down using yellow thread.

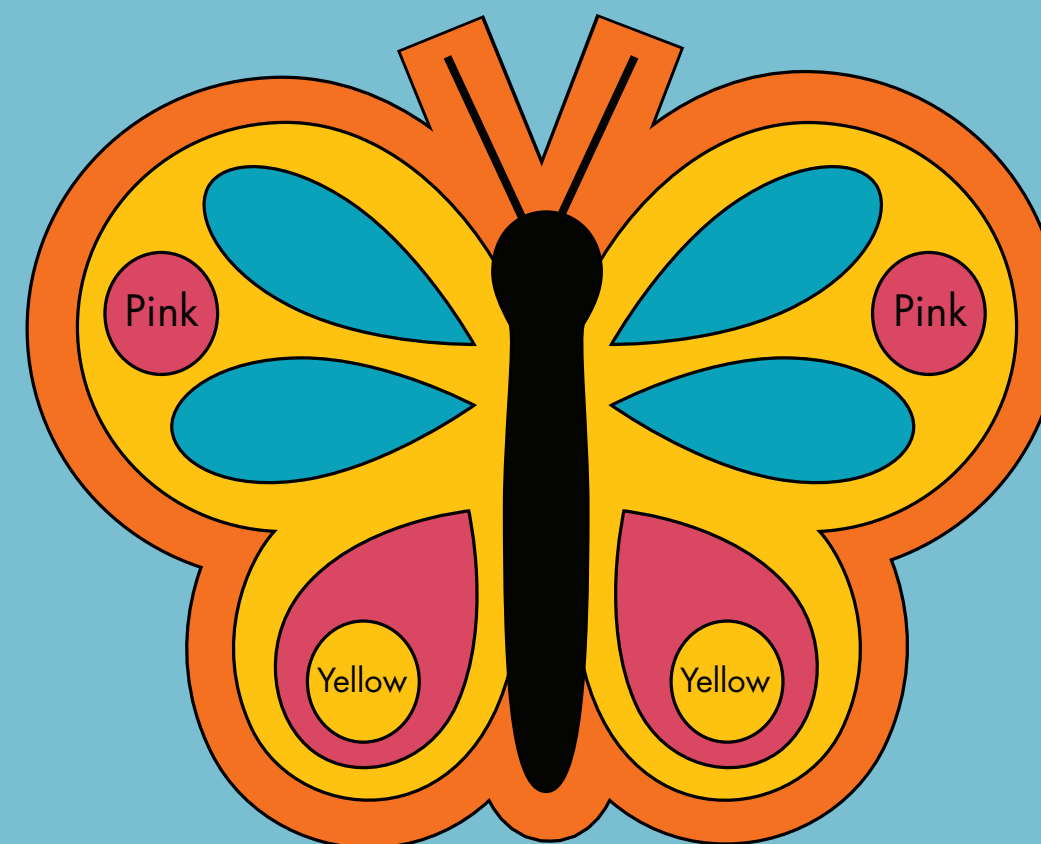

- 2.** Sew on the body with black thread. To make the antennae, use black thread and sew 2 lines branching out from the top of the head.

- 3.** Sew on the blue and pink wing decorations using blue and pink thread, respectively. You will be sewing through both the yellow and orange wing layers to make a quilted look.

- 4.** Sew on the pink and yellow circles using pink and yellow thread, respectively.

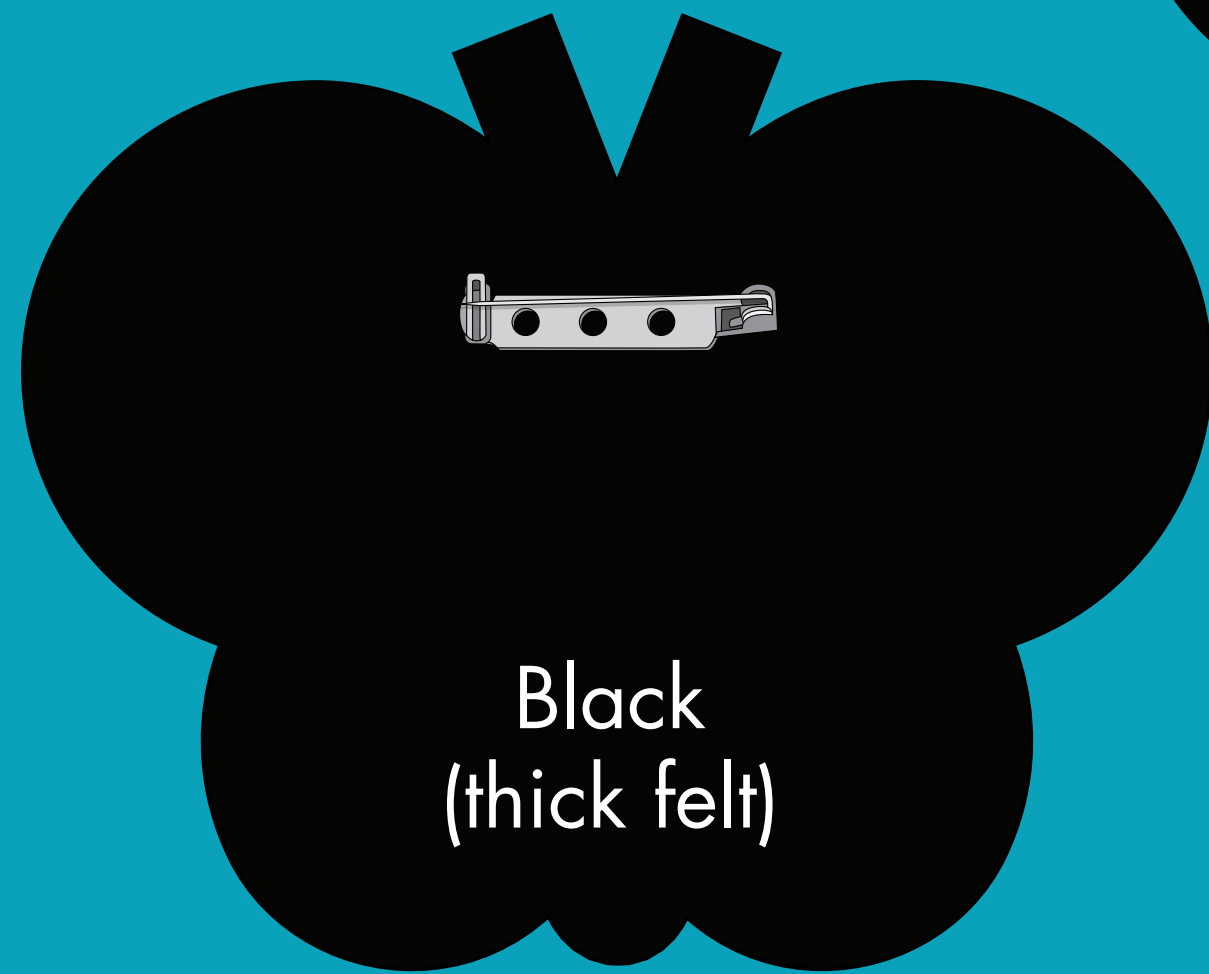

# 6

# Sew on the backs

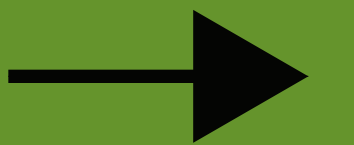

1.

Using black thread, sew the metal pin backs to the thick black felt pieces.

2.

Align the bee and butterfly pieces to the front of their respective back pieces and sew around the edges with orange thread.

*and You're Done!*
